## School Visit Information

Thank you for your interest in having Amy visit your school! The following information will provide the details you need to make the choice that is best for your school.

### Presentations and Workshops-- Details

**WHO:** Visits work best when Amy can present to whole grades or several classes at once for ease of scheduling. This will make the most of your author presentation sessions. (Workshops are exceptions.) Her presentations and workshops are ideal for grades 4<sup>th</sup>-8<sup>th</sup> grade. However, she can work with students at any level and varying group sizes.

**WHAT:** 1-3 presentations/workshops per day with a Q&A, with possible additions of a lunch or roundtable visit. All visits come with a set of books for your library, a set for give-aways, and bookmarks for each student. Most popular presentation is **Unlocking the Story**, for grades 4th-12<sup>th</sup>: A description of Amy's writing process and experience with publication, including tips on writing your own story. Includes Q&A.

**WHERE:** Amy has found that the library /media center is a good size for an author visit if you can fit 2-4 classes. If you need a presentation in an auditorium or gym, a microphone is critical, along with a large screen so students can see the slides.

**WHEN:** Amy's schedule varies, but she can find a day that works for both of you. Available starting at 8:30 am. She needs to arrive at least 20 minutes before the first presentation to set up and make sure everything is working properly.

If her presentations are not what you're looking for, other author visits can be found at <http://authorbystate.blogspot.com/> and <http://coolschoolvisits.com/> and [Society of Children's Books Writers and Illustrators Speaker's Directory](#).

Parents are welcome to attend. Amy also offers downloadable materials to help schools prepare for her visit.
